BOURBON COUNTY TO RAISE 7% MORE WHEAT NEXT YEAR

Big Campaign to Start Wednesday Night—Precinct Committees Appointed

While Bourbon county was first in the list of 30 counties in the State in the production of wheat this year and raised all that the Government asked, it will be called on to do more the coming year. The Government has decreed that Bourbon county MUST raise 7% more wheat the coming year. In view of this fact preparations have already begun. At a meeting on Wednesday at the court house the preliminary arrangements were discussed.

Among those present were Dr. S. H. Halley, of Lexington, Chairman of the Kentucky Agricultural Council of Defense; Prof. O. Kirchner, of the Extension Department of Kentucky University; J. S. Robbins, Emergency County Agricultural Agent; Judge George Batterton, John T. Collins, Lawrence Mitchell, Bourbon County Food Administrator; John Willie Jones, D. C. Lisle, J. H. Thompson, County Fuel Administrator; L. M. VanHook, W. S. Meng, Clarence Wright and W. D. McIntyre.

The National Council of Defense has taken the matter up and an important meeting of farmers and land owners has been arranged for Wednesday night at 8 o'clock at the Court House.

At a preliminary meeting on Wednesday the problem of labor and taking care of the crop after it had been harvested was fully discussed, and the gentlemen in charge, while they did not have the authority to announce at this meeting, assured those present that arrangements had been made, or would be, for the Government to take a hand in straightening out the tangles in regard to the labor, storage, handling, shipping and provisions for realizing real money when needed by the grower. With Uncle Sam having from 4,000,000 to 5,000,000 or our boys at the front fighting for us back home, it is as little as we can do to feed them, and it is going to take "some wheat crop" to do it. Let every farmer attend this meeting and let's get started and started right. Speakers who will know what they are talking about will be present to tell us what is to be done and how to do it. The Council of National Defense assisted by the County Food Administrator, will have the meeting in charge, and it is going to be a hummer.

The following committees from the various precincts in the county have been appointed to make a house to house canvass and get signatures to the red, white and blue pledge cards furnished by the Government, as to how many acres each farmer will agree to sow in wheat. The first named in the list in each precinct is to act as chairman and is requested to notify the balance of his committee to be present at the meeting on Wednesday night:

Little Rock—James Caldwell, S. Ray Burris, R. H. Burris, Edsell Clark, Finley Burns, Everett Hopkins, J. E. Boardman, Sam Clay, Thos. Redmon, Thos. Buckner, W. M. Rogers, Houston Crouch, W. T. Parker, Frank Collins.

Millersburg—W. D. McIntyre, Letton Vimont, John Marr, J. P. Redmon, E. P. Wagoner, C. R. Rankin, Sanford Carpenter, John Lee, C. B. Layson, Jos. Plummer, Talbott Bros., T. W. Current, W. F. Sanders, J. T. Jefferson, Alex. Miller.

Ruddies Mills—Jack Cunningham, Jas. Fisher, Amos Turney, Jr., Geo. Current, Jas. Connell, Geo. Wyatt, Jr., Geo. K. Redmon, John Marston, Dick Marsh.

The pledge below will be presented to every farmer in the county for his signature.

TWENTY-THREE COLORED SELECTIONS TO GO TO CAMP TAYLOR

Answering to the call of their country, twenty-three colored men of this city and county, taken from the lists under the selective draft service act, will report to the County Draft Board at their office in the court house this afternoon at five o'clock. To-morrow morning they will re-assemble in front of the court house, where, after the distribution of cigars, cigarettes and tobacco, they will form in line of march, and headed by the Liberty Drum and Bugle Corps and the members of the Draft Board, they will proceed to the Tenth street passenger station of the Louisville & Nashville, where they will entrain at 7:45 for Camp Zachary Taylor.

This contingent of twenty-three men takes the last of the 1917 drafted colored men from this county and city, and in future calls the classes will have to be moved up to fill up the ranks of the call in Class I. The men who will leave to-morrow morning will be selected from the following list:

NOTICE TO SUBSCRIBERS

More or less complaint has reached THE NEWS about the irregularity of the delivery of papers this year, especially from subscribers at a distance. Every effort is made in this office to get the papers mailed promptly on Monday and Thursday nights of each week, preceding the day of issue, and they have never been known to "miss connection" with the postoffice.

Their failure to reach subscribers may be due to the congested condition of the mails and the usual practice of the railway mail clerks to neglect newspaper mail. Sometimes the address may be illegible. Subscribers are invited to drop us a card or telephone us whenever the paper fails to reach them within a day or two of the usual time, and an extra copy will be mailed them, if any are left in the office at the time.

The same thing applies to the city carrier service. THE NEWS feels that it has a faithful and efficient staff of carriers, and complaints lodged against them are always investigated. The result has been in most cases in their favor. Passers-by are tempted to pick up papers belonging to subscribers; they may be blown away by the wind, and any number of other causes contribute to the few complaints that reach us. We are inclined to give the carriers the benefit of the doubt. At any rate, we will gladly send copies to those who have missed getting their papers regularly on Tuesday and Friday mornings.

The requirement of the Government that the paper be sent only to those who pay for it in advance will force us to discontinue the paper when the time paid for expires. Hence, if you do not want to miss a copy you should see to it that your renewal reaches us in time to keep us from being forced to drop your name from the list.

BLUEGRASS CROP DELIVERIES

Paris dealers are paying \$1.50 per bushel to Bourbon county farmers for blue grass seed. Deliveries are being made daily, and the seed cleaning plants are running day and night shifts. The cleaned seed is quoted at \$2.75 per bushel on the local market.

An unusual sight was witnessed Wednesday when a small tractor passed up Main street, drawing behind it four huge trucks piled high with sacked blue grass seed consigned to one of the local seed cleaning plants. The disparity in the size of the tractor and the immense load it was pulling with ease was commented on by all who saw it.

"COLD CHECK" WORKER STINGS PARIS MERCHANTS

"Cold check" workers must find in Paris merchants a good field for their peculiar methods of high financing, as they continue to float their worthless paper here from time to time.

A few days ago one of these smooth fellows successfully placed several checks for amounts varying from \$2.50 to \$15 with various merchants in this city. In each instance the man made a purchase of goods in a small amount tendering a check and receiving the difference in money.

The check came back from their banks in the due course of business marked, "No funds," or "Worthless paper." Rather than invite unwelcome publicity the merchants who had been taken in on the checks kept their troubles from everyone save the police, whom they informed in the hopes that a quiet investigation would bring the culprit to justice. But he is still at large and the merchants are out several dollars each, besides their goods.

FREIGHT DEPOTS TO CLOSE EARLY TO CONSERVE FUEL

All freight depots on the Louisville & Nashville railway system will be closed at 4 o'clock daily except Saturdays, when they will be closed at 1 o'clock. The purpose of the order is to save fuel. The order of W. L. Mather, manager of the company, notified the State Railroad Commission of the order. The announcement was made by Richard Tobin, secretary of the Commission.

Orders to the above effect have been received here by General Agent W. V. Shaw. The public is urged to ask to govern themselves accordingly, and to have freight shipments in the depot before the hours mentioned.

ROAMER BRED IN THIS COUNTY BREAKS WORLD RECORD

The American record for one mile was broken at Saratoga Springs race track, Wednesday afternoon, when Roamer, the seven-year-old son of Knight Errant—Rose Tree II, reeled off that time against time in 1:34 4-5. The former American record of 1:35 1-2 was made by Salvatore at Monmouth Park, N. J., nearly thirty years ago.

Roamer, who is the property of Andrew Miller, was bred at the Race-Land Stud of Clay Bros., near Paris, and was sold to Eastern parties some years ago by Woodford Clay. He won quite a sum for his owner in stakes and purses. Jockey Andy Suhtinger had the mount on Roamer. The fractional time in the race was as follows: 12 1-5; 23 3-5; 34 3-5; 46; 58; 1:10 1-5; 1:22 2-5; 1:34 4-5.

CHANGES IN CUMBERLAND TELEPHONE FORCES

Several changes have been made recently in the office and working forces of the Cumberland Telephone Co. Miss Lillian E. Bradley, who has been the capable Chief Clerk to Manager Floyd, has been transferred to Louisville, where she takes an important clerical position in the Cumberland office. Miss Bradley made many friends here, and personally she regrets leaving Paris, whose people, in her own words, "are among the best and most considerate and the most cordial in their business and social relations of any I have ever known."

Miss Bradley has been succeeded here as Chief Clerk by Mrs. Jimmie Whaley. Miss Marcella Ryan will be her capable assistant. Both have had large business experience under capable instructors and will be valuable assistants to Manager Floyd.

Mr. J. N. Kirkpatrick has resigned as Wire Chief for the Cumberland at this place, to accept a similar position with the Fayette Home Telephone Co., at Lexington. Mr. J. H. Neal, who was formerly with the local forces, has been recalled from Ashland to fill the vacancy created by Mr. Kirkpatrick's departure.

COMMUNITY CHORUS PAYS VISIT TO NORTH MIDDLETOWN

North Middletown was invaded last night by a patriotic company of peaceful citizens, who accompanied the members of the Community Chorus there on a peaceful mission. For two hours the air was full of music rendered by the vocalists, who fairly outdid themselves for the benefit of their fellow-citizens. The members of the Chorus took positions on the steps of the Christian church, where they rendered the following program of patriotic airs and camp songs: "Somewhere in France," "Mr. Zip, Zip," "Laddie in the Khaki," "Joan of Arc," "Over There," "Sons of America," "Pack Up Your Troubles," "There's A Long, Long Trail," and "Keep The Home Fires Burning."

IN THE SERVICE OF THEIR COUNTRY

Harking back to familiar scenes, Private Archie Lucas is spending a ten-days' vacation with his parents, Mr. and Mrs. Squire Lucas, on the Jackstown pike, near Paris. He is stationed at Camp Meade, Md.

About three hundred civilians from Louisville and other parts of Kentucky, and from Indiana, many of whom are well-known here, entered the Field Artillery Central Officers' Training School at Camp Zachary Taylor yesterday.

Instructions have been received by Sergeant R. O. Moore, the Marine Corps recruiting officer in Lexington, ordering him to re-enlist men who have had previous service in the Army or Marine Corps, provided they can get a release from their local boards if they are in the draft quotas.

Dr. H. M. Hamilton, veterinary surgeon of Paris, who recently enlisted in the Veterinary Department in the Government Service, has been honorably discharged, due to a defect in his eyes. It is understood Dr. Hamilton will appeal his case to Washington.

Troops are being rapidly moved from various training camps throughout the country to concentration camps and embarkation ports in the East and South. Trains bearing enlisted men have been passing through Paris recently at intervals. The men seemed fit and ready for any kind of service.

Mr. S. Lee McGohan, former legislator and well-known newspaper man, of Ewing, is now in the service, having been accepted for service overseas as one of the Y. M. C. A. war work secretaries from Kentucky. Mr. McGohan is at present at Camp Zachary Taylor, in the preliminary instruction class for Y. M. C. A. work.

Sergt. John Talbott Redmon, of the first class in the Medical Department and Chief Clerk to the Camp Surgeon at Camp Hancock, is spending a ten-days' furlough with his parents, Mr. and Mrs. King Redmon, near Paris. His brother, Mr. Ruthford Redmon, is a member of the Naval Aviation Section at Camp Dewey, Great Lakes, Ill.

The names of men contained in the list of civilians who have been accepted for the Central Training School at Camp Gordon, Ga., have been made public at the camp. Among the number are Andrew Carl Caywood and Woodford Buckner, both of Bourbon county. The prescribed course of training is for four months. The candidates will take up their work immediately upon arrival.

Mr. Wayne Cottingham, formerly of Paris, now a member of the editorial staff of the Lexington Leader, went to Frankfort, Wednesday, and obtained permission from Major Henry Rhodes for the Lexington draft board to place him with the men leaving Lexington on Aug. 28. Mr. Cottingham would not have been called for some time, but volunteered to leave before he was called, as he is anxious to get in the service.

Although they may reside in other places, Paris still claims allegiance from former residents. A case in point is that of Private Ernest Beheler, who, with his father, Mr. W. A. Beheler, was for several years engaged in the bottling business in Paris. Private Beheler has been in the service some time, having been stationed successively at Ft. Thomas, Omaha, Neb., and at present in the Aero Camp at Newport News, Va. He is spending a ten-days' furlough with friends in Paris and Lexington.

At the regular meeting of the Medical Advisory Board, held in Lexington, Wednesday, fifteen men from Cynthiana and Paris were examined. Ten of the number, from Paris, were rated as follows:

Emel S. Raines, disqualified; Orrin L. Estes, disqualified; Edward W. Fithian, qualified for military service; Clarence P. Wasson, general military service; Eli Friedman, general military service; Alex. M. Keller, special service; N. B. Moss, special service; Robert G. Young, special service; Albert O. Ashcraft, special service; and Newell B. Pfeffer, special service.

En route to Maysville from Frankfort, Wednesday, on official business Deputy State Fire Marshal Ed. Hite, formerly of Paris, stopped in Paris a short while between trains. "Mrs. Hite had a letter recently from her nephew, who is Chief Clerk in one of the big army divisional headquarters in France, in which some most reassuring statements were given," said Mr. Hite. "He stated that he could, if allowed, tell some startling news as to the termination of the great struggle. He wrote that the universal opinion was that the Boches were badly beaten, and that the war would not be prolonged much beyond early spring. He said that the outside world really didn't know of the thousands of tons of stores,

FORMER RACING JUDGE DIES AT MT. STERLING

Col. A. W. Hamilton, aged seventy, died at his home in Mt. Sterling, Wednesday night, after a three-days' illness due to uraemic poisoning. Col. Hamilton was for many years engaged as presiding judge at the Los Angeles and Chicago race tracks, and was widely known in thoroughbred circles throughout the country. For many years he was a leader in Democratic politics and at one time was a candidate for United States Senator.

In his youth Col. Hamilton was a resident of Paris, where he received the rudiments of an educational training in the old Bourbon Academy. He resided many years in Paris, where he was always known as "Bill" Hamilton. His mother resided in the old brick building on the corner of Main and Eighth streets, which was torn down some years ago to give way to the present Neely flat building on the site. Mrs. Hamilton was a very zealous adherent of the Confederate cause, and spent a large portion of her time in making creature comforts and clothes for the soldiers. A company of home guards, organized here for the protection of the people against Federal raids, was named the Hamilton Guards in her honor.

The present city editor of THE NEWS, while engaged in newspaper work on the Mt. Sterling papers years ago, delighted in hearing Col. Hamilton recall in a most vivid manner the stirring scenes of his boyhood spent in Paris, and of incidents that happened here while he was a resident of Paris. He was a man of delightful personality and had a host of friends who sincerely regret his passing.

CITY COUNCIL MEETS

The Paris City Council met last night in its regular semi-monthly session. There was little business of importance before the body. The regular routine business was transacted and the only matter of importance that was out of the ordinary was the adoption of a resolution authorizing the City Attorney to bring suit against the Paris Gas & Electric Co. to recover any and all sums heretofore paid said company in excess of the reasonable value of street lighting service furnished the city on alleged contracts entered into during the years 1912 and 1915.

BALKED GERMAN SCHEME ON VALUABLE PROPERTY

A. Mitchell Palmer, Alien Property Custodian, announced Wednesday he had frustrated a scheme whereby the former German owners of the Bayer Company, a \$10,000,000 concern, now in the hands of the Government, hoped to acquire a substantial part of the company's business through a subsidiary company.

ammunition and big and small guns that had been captured. The Germans are really in a bad plight, he said, and the Americans are doing their share toward ridding the world of them.

Edwin Thomas, Jr., a North Middletown boy, who is at Junior Plattsburg Camp, New York, has been promoted to Battalion Sergeant Major.

Lieut. Charles J. Petrie, who has been a guest of Mrs. Ida Desha, on Mt. Airy avenue, left yesterday for Camp Jackson, near Columbia, South Carolina, where he will be one of the instructors in the artillery branch of the service. Mrs. Petrie, who was formerly Miss Helen Desha, will remain here for a while.

Private Hord Lovell, of Paris, who left here in May with one of the Bourbon county contingents for Camp Zachary Taylor, has written to his father, Mr. M. B. Lovell, announcing his safe arrival at a French port as a member of the American Expeditionary Force.

Homer Nutter, Charles Edward Mason and George Thomas, Bourbon county colored draftees, have advised their Paris relatives that they will leave Camp Zachary Taylor in a few days for an Eastern embarkation port, from where they will sail for France to enter service. All three were in Paris this week bidding goodbye to their friends and relatives.

Lieut. Collier Dawes, of Georgetown, for a long time physical director at the Bourbon County Y. M. C. A., has been promoted to the rank of Captain, according to information received in Paris yesterday by friends. He is now an officer in Co. D, 338th Regiment, at Ft. Benj. Harrison. Capt. Dawes entered the first officers' training camp at Ft. Benj. Harrison, and received the rank of First Lieutenant. He has been the athletic director for the regiment since last spring.

Prof. Robert T. Hinton, formerly of Paris, and recently of Georgetown, who left June 1 for Princeton, to train as a recreational secretary in the Y. M. C. A. war work, has arrived safely in London, according to information received in Georgetown by Mrs. Hinton. Letters have been received here announcing the safe arrival of Mr. C. Oakford Hinton, of Paris, who will be engaged in the same work. He is a brother of Prof. Robert Hinton.

EDITORIAL MUSINGS.

The Pleasures of Home.

"Love is the great home-maker that makes even the drudgery of housekeeping a pleasure, and home life a foretaste of the bliss of heaven. One cannot get too much love into one's home-making, but easily too little."

"Man has done wonders since he came before the public. He has navigated the ocean, he has penetrated the mysteries of the starry heavens, he has harnessed the lightning and made it pull street cars and light the great cities of the world. But he can't find a spool of red thread in his wife's work basket; he can't discover her pocket in a dress hanging in a closet; he can't hang out clothes and get them on the line right side up. He cannot hold clothespins in his mouth while he is doing it either. He cannot be polite to somebody he hates. He cannot sit in a rocking chair without banging the rockers into the baseboards. He cannot put the tidy on the sofa pillow right side out. He cannot sew on a button. In short, he cannot do a hundred things that women do almost instinctively."

"The real pleasures of life are not to be bought. Amusement is for sale, but joy comes without price and without bargaining. There are no figures set upon happiness; it springs up in the pathway like a flower the seed of which has been sown from some other world. The quiet, deep joys of life, benison like, fall from heaven upon our hearts. No one can command them, none can corner them. You may purchase assistance and interest, but affection and love come unsought, unsolicited, unbought. What wealth have you greater, more worthy to you than the tender kindness, the sympathy, the spirit of self-giving that goes out to you from other lives? These assets are not on our own office ledgers, but on the great ledgers of life from which our final balances are struck, they are writ large."

Who'll Wear The Pants?

When supremacy in the home passed from the male head of the institution to the wife, people used to remark that it was "the missus who wears the pants," and if this standard of measurement is to be applied nowadays it is going to be rather difficult to determine whether it is the men, or the women, "who'll wear the pants," and manage the affairs of the world. The village school ma'ams and belles are now doing a large part of the work in Washington, and they have replaced men in the Government departments in thousands of cases. The munitions plants are filled with women, and in the industries they are doing every bit as good service as men.

Reports from England upon this phase of industry are interesting, since the Mother Country undoubtedly moves even slower than we are going. Nevertheless, 1,500,000 women have directly replaced men since the beginning of the war. The figures from France and Italy are even more surprising in character. In Germany and Austria the burdens of

labor have fallen almost entirely upon the women. Gradually women are taking their places in the ranks of industry shoulder to shoulder with men.

Pity the German Pigs.

We know we would not care to be a human being on the continent of Europe, living in constant fear of being caught in a brawl started by some pig-headed kinsling with a self-inflicted predestination for world domination. Now, in addition, we are quite sure we wouldn't even care to be a cow or a mule if we had to live there. The Food Administration tells us that many countries of Europe are hard put to find forage for their stock. To replace the usual fodder material "there are numerous substitutes, some of which are most ingenious." Likewise, tasteless and unpalatable we suspect. Pine and fir needles have been used in Sweden, potato tops in Norway, hazel catkins have been dried and used as a sort of fodder flour in Germany, and in Austria-Hungary stinging nettles were being resorted to last January. Perhaps the strangest fodder substitute of all, however, is cocks-chafers, a kind of beetle, which are being collected throughout Germany and Austria by school children as food for pigs and poultry. How those pigs must hate the Kaiser!

Uncle Sam Will Rule the Wave

Five years ago American ships were as invisible as whales, and voyagers to Europe and South America frequently returned without seeing either. But American ships are hopping into the ocean with more speed than American automobiles achieved ten or a dozen years ago. Just think of it! There were 123 new vessels launched in July, with 631,944 dead weight tonnage. No previous twelve-month period in American shipyards equals this period. A few months ago the pessimists were predicting the failure of our ship-building program. That was when the yards were building, and the material and workmen were getting things in shape to start things. Now, even Americans, who are used to marvelous achievements, are surprised at the records in ship building, and it is confidently predicted that one of the results of the war will be that "Uncle Sam will rule the wave." Great Britain will be distanced before long, at the rate we are going.

We Would Rather Be Americans.

How would you like to be a wheat farmer in Australia or a corn grower in Argentina? The Food Administration reports that nearly 300 million bushels of wheat are stored in Australia. There are no ships to move it and therefore no market for it. The government has guaranteed a price of 83 cents per bushel for it, and the commonwealth has added 12 cents, making a total of 95 cents to the producer. In Argentina there is no market for corn, and many farmers are disposing of it for fuel at 40 cents per bushel. At that, however, it would be better to be a farmer in Argentina or Australia than to be one in Russia where the Germans would take your wheat and not even say thank you.

No thanks, we are glad to be Americans, and we are not going to get over being glad either.

A Voice From Colorado.

The paragraphs from the National Capital need no longer claim superior knowledge of conditions, as none of them could very well say more in fewer words about "Government Ownership" than the editor of the Middle Park, Colorado, Times, who observes: "In the taking over by the Government of the telegraph and telephone lines, there is plenty of material for thought as to whether it will work out the same in these lines as it has in railroad affairs. It certainly is to be hoped that the rates will not be raised, but in view of the fact that Colorado companies have already asked for a raise in rates, and the Denver papers are some of them tearing their hair about it, that would seem to be what we may expect."

The End of the War.

Far-seeing men believe that we have just begun to fight, and wise men realize that the only safe policy is for us to assume that the struggle will be long and bitter.

It is vain to ask how long the war will last, for such questioning tempts us to guess, and when we go to guessing our self-interest causes us to guess the best and so to take some chance in effort or sacrifice. All that we know is that we must win. If this is even approximately true, then superhuman efforts must be put forth to produce more food for man and feed for livestock. Conservation is all right, but production must precede conservation. We can't save until we first produce.

California is a large producer of barley, more than 35,000,000 bushels being the 1917 crop in the Sacramento Valley.

RED CROSS NEWS GRENADES.

The second war fund subscriptions in the country now amount to \$176,528,158.

To keep the boys happy, the American Red Cross contributed \$250,000 to the Commission on Training Camp Activities.

The Italian Cross of War was given to twenty-one American Red Cross Ambulance drivers for high-grade service and bravery.

Lyons, France, had to have a second dispensary! Two thousand consultations have been held in the first one since its establishment.

Bowling greens have been established by the American Red Cross in the tuberculosis barracks of Paris to help teach the patients the importance of fresh air and recreation.

Most American prisoners of war depend exclusively on the food furnished them by the War and Navy Departments through the American Red Cross at Berne, Switzerland.

Six days and six nights of continuous bombardment and the women canteen workers of the Red Cross stationed at Epernay, south of Rheims, stayed at their posts feeding and caring for the wounded soldiers.

Loss of sleep, the result of air raids, is a serious hindrance to the nurses. So a chateau, six miles from Paris, far enough out to be fairly immune from bombing, has been found for them. Tired nurses, when they do get off duty, can rest fairly well in this new refuge.

"The American Red Cross," writes one soldier, "everywhere we go it has ministered to us, both as a medical and supply unit. I know one case in particular where a Red Cross man lost over twenty pounds in weight looking after us. Up all day and up all night waiting for reliefs to come in from the trenches is not an easy job by any means!"

It is the aim of all the ouvroirs, or sewing-rooms, of the American Red Cross throughout Italy to cut the patterns of the garments made with as little waste as possible, but it is the boast of the ouvrier at Palermo, Italy, that after their expert cutter has finished with a bolt of cloth, there is hardly a scrap an inch square left.

Three or four girls, daughters of soldiers at the front, are employed at the ouvrier stuffing rag dolls with the threads and edges carefully gathered in the cutting room.

These little girls then make a dress for each doll and when there is a sufficient number they are given to the babies at the creche, or nursery, and to the sick children at the pavilion who are receiving medical attention.

PERSHING WANTS SOLDIERS TO BE "GOOD, CLEAN MEN."

In a general order just issued General Pershing addresses the army frankly on the social evil and urges continence as "the plain duty of every member of the American Expeditionary Force, both for the vigorous conduct of the war and the clean health of the American people after the war."

General Pershing directs the commanding officers to urge moral cleanliness on the men as their duty as soldiers and the best training for enforced cleanliness of life at the front. The order prescribes more rigid control of leaves of absence and directs court-martial to exercise severity in dealing with infected men. It makes all immoral resorts "off limits" and in co-operating with the French police, both military and civil, takes steps to repress clandestine evasion of the order.

Low prices refer to cash and carry system; high prices refer to credit and delivery system. The greater cost of the credit and delivery system justifies the greater profit.

Merchants are still governed by the fifty-fifty plan: No person is allowed to buy from the merchant more than six pounds of flour per month per each member of the family and this amount must always be sold with an equal amount of substitutes.

Every one is urged to practice the greatest economy in the use of sugar. No family is allowed over 2 pounds per month per each member of the household. No family will be allowed in the aggregate more than 25 pounds for home canning purposes.

Please report all violations of the Food Administration rules.

BOURBON COUNTY SUNDAY SCHOOL CONVENTION TUESDAY.

All county roads led to Ruddles Mills, Tuesday, when the annual convention of the Christian Church Bible School Convention of Bourbon County was held in the church of that village.

The weather was ideal and the attendance was large, more than four hundred delegates and visitors being present.

The commodious church building which had been newly papered and renovated for the occasion, was adorned with growing plants, cut flowers and a large American flag. No detail was omitted which could contribute to the comfort of the visitors.

The music was good, consisting of inspiring hymns sung under the direction of Mr. A. L. Boatright, of Paris, and Miss Fred Fillmore, of Cincinnati.

The morning service was opened with devotional exercises conducted by Rev. Claude Cummings, pastor of the Ruddles Mills church, who read a scripture lesson and made a short talk in which he welcomed the convention. This was followed by a circle of prayers.

Prof. B. M. Roberts, of Little Rock, County President, presided over the sessions, and after a few introductory remarks, appointed the following committees:

Nomination—J. W. Jones, Everett Hopkins, Mr. Padgett, W. O. Hinton and Richard Biddle.
Time and Place—Mrs. T. M. Funk, R. H. Ellett and Miss Florence Hopkins.

Courtesies—Miss Carolyn Roseberry, Miss M. S. Tipton and Mrs. Ward Russell.
Bulletin—Rev. Cummins, Mrs. Richard Biddle and Miss Martha Tindler.

Teacher Training—Rev. F. M. Tindler, A. L. Boatright and Rev. Ward Russell.

Three splendid addresses were the features of the morning session. These were delivered by Rev. Ward Russell, pastor of the Christian Church at Little Rock, on "Teacher Training," Rev. R. H. Ellett, pastor of the Clintonville church on "The Bulletin," the official State organ of Bible School work; and Rev. Horace Kingsbury, a State worker from Louisville, whose subject was "The Bible School and Christian Citizenship."

The addresses were all of special interest to Bible School workers, and contained much that was instructive and helpful to them.

The roll-call of schools by Mr. Kingsbury showed the schools at Cane Ridge, Clintonville, Little Rock, Millersburg, Mt. Carmel, North Middletown, Paris and Ruddles Mills to be represented, and two others, Burris school house and Escondido, sent their offerings.

These ten schools have contributed \$811.81 during the year toward foreign missions, and the amount will be about \$1,000 by Sept. 30, the close of the convention year.

One hundred and forty-six young men from these schools are in the service of their country, and were very tenderly remembered in a special service conducted by Mr. J. W. Jones, of North Middletown. He read the 103 Psalm and offered prayer. At this time Mrs. Magnus Rash and Mrs. J. W. Jones sang a beautiful duet.

The convention then adjourned for lunch, which was bountiful and delightful, including many good things and nothing which was not in strict conformity with the rules of the Food Administration.

The afternoon session was opened with devotions conducted by Rev. Cummins, and this was followed by a business session.

The reports of the Secretary and Treasurer, Miss Daisy Dettwiler, were read and accepted, and the reports of committees submitted and approved.

The officers recommended by the Nominating Committee were:
President, Ward Russell.
Vice President, Claude Cummins.
Secretary and Treasurer, Miss Daisy Dettwiler.

Missionary Superintendent, B. M. Roberts.
Adult Superintendent, R. H. Ellett.
Secondary Superintendent, Miss Florence Hopkins.

Elementary Superintendent, Mrs. E. P. Clarke.
Teacher Training, A. L. Boatright.
Assistant, R. H. Biddle.
These officers were unanimously elected.

The committee on Teacher Training submitted the following recommendations, which was adopted:

"We recommend that inasmuch as Teacher Training is to be launched in the autumn as a nation-wide movement, we consider it advisable that Bourbon County immediately take steps to institute teacher training in every Bible School. That if a Superintendent of this department be elected, he should endeavor to get in touch at once with every school in order that such organization should be reported at the State Convention."

As at the morning session three addresses were delivered, the first by Rev. Claude Darsie, of Mt. Sterling, on the subject, "The Service of the Church to the Community;" Rev. Linville, of St. Louis, a former Ruddles Mills boy, on "The Services of the Church to the Nation," and Rev. F. M. Tindler, of North Middletown, on "The Services of the Church to the World."

These speeches were inspirational and patriotic, and the speakers thrilled the audience with their eloquence and earnestness.

The convention closed with a conference conducted by Rev. Kingsbury, the subject being, "What Has This Convention Meant to Me, and What Will It Mean to My Church and School?"

Before closing Mr. Kingsbury took occasion to speak in the highest terms of the fidelity and service of Mr. N. L. Shropshire, the former president of the County Association, and also of Prof. Roberts, who assumed the presidency during this year under unusual circumstances.

A feature of the afternoon was a beautiful solo by Miss Fillmore.

On motion, the Secretary was instructed to send a night letter to our U. S. Senator asking for his vote and his influence on the question of Nation-wide Prohibition for the period of the war, which is to be voted on in the Senate, Aug. 26.

The convention, which was one of the very best in the history of the association and almost equal in interest and attendance to a State Convention, was closed with the doxology, and the benediction by Rev. Cummins.

CURE FOR DYSENTERY.

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."

LETTERS FROM BOURBON COUNTY SOLDIERS AND SAILORS

"Somewhere in France, July 24.
 "Mrs. H. B. Barlow, Paris, Ky.
 "Dear Mother:—I hope that you and sister are both well and feeling fine. I am certainly feeling good and having as good health as I ever had in my life. I have not been sick a single day since I have been in the army. Mother, I know that you will be surprised to hear that I am somewhere in France. I wrote and told you when we were in Camp Mills we were going to move, and that you would not receive any mail from me for a few days.
 "We certainly had a fine trip over. The weather was fine, and there was but one little storm one night that lasted but a few hours. Some of the boys got a little seasick on the trip across, but it did not bother me a little bit. I was certainly glad that it did not make me sick from the way the others looked.
 "Tell me where brother Harry is in your next letter. I have not heard from him for some time. I do not know whether he is still at West Point, or if he has been sent over here. Tell Uncle John that I am looking for him to cross the ocean pretty soon. This is as pretty a country as anyone could wish for anywhere. Well, I must close now, so good bye for the time.
 "Your loving son,
 "HERMAN BARLOW.
 "2001691 First Pioneer Infantry, Amer. Expd. Force."

Mrs. Nellie Highland received the following letter from Charles Edwards, colored, formerly of Paris, now in France, as a member of the American Expeditionary Force:

"Paris, July 22, 1918.
 MISS NELLIE—This leaves me well, trusting that these few lines will find you the same. I have been in the trenches several times and have been under fire in four real hot battles, and haven't even got a pin scratch. So I am very proud to know that I am well trained enough to know how to save my life and help save others, as well as the old flag."

"I would like to know how old Kaiser Bill and old Von Hindenburg feel now, over so many Sammies over in France, ready to meet any cause."

"Well, Miss Nellie, we have been under four fires, as I told you before, in which we killed and wounded many Germans, and we haven't lost one of our company boys yet. We had only two wounded, and they are well now. We now are in a resting camp, about ten miles behind the front lines, and very soon we will go to the front again, after a brief rest."

"I hope you will be prosperous in farming. Still I guess the farming is over with now, isn't it? I will close, trusting to hear from you real soon."

"From your obedient servant,
 "PRIVATE CHAS. EDWARDS.
 "Co. H, 372 R. I. W. S., S. P. 179, France, via New York."

From a French town, comes the following letter to Mrs. Mary H. Williams, colored, from her son, Corporal George F. Williams, of Paris:

"July 14, in France.
 "Dear Mother:—I am taking the greatest pleasure in writing to you to inform you that I am in the best of health. I know you have been worrying because you have not had a letter from me, but I have not had time since I wrote you a card.... Well, mother, there is not very much that I can say just now. I hope you and all the rest are well. I hope the Lord will spare me to see you again.... I have dreamed of home and you many nights, and I have also thought I heard you singing that song you used to sing, 'Where Is My Wandering Boy To-night?' Well, here comes the work call, so I will close by asking God to bless you and all the others and keep you safe and return me safe to you again."

"CORP. GEO. WILLIAMS, "Co. L., 365th Infantry, Amer. Expd. Force."

Henry Letton, colored, with Frank & Co., is in receipt of a letter from David Johnson, formerly porter at the Harry Simon stores in this city, who is now in France with the American Expeditionary Forces. The letter, which is dated July 30, follows:

"I have now been away from home three weeks, and have only had time to write a card announcing my safe arrival in France. You must know from this that a fellow doesn't have much time for writing when he is soldiering here.... I like this soldier life very much. So far we are certainly seeing the country at the Government's expense. I will have plenty to tell you when I come back. I have been watching every organization very closely in hopes that I can run across Will or some of the other boys that left in the first bunch, but so far I have not seen any of them. When you write tell me which organization he is in.... I wish you could have been on the boat with us. It was very amusing to see the fellows get seasick. I stood the trip fine. We landed at one camp and spent several days resting after our long sea journey. At the end of a specified time we started on our trip into the interior of this country. It took us about three days to reach our destination, during which time we passed over some very beautiful country and through a number of towns that are almost indescribable, on account of their beauty and quaintness.... I wish I could send you some souvenir postcards of the country, but it is against the military rules to do so. When you answer tell me all the news. I will write again when I am not so busy."

WAR INDUSTRIES BOARD RULES ON FREE PAPERS.

The United States War Industries Board recently issued strict regulations requiring the discontinuance of all free copies, including those to soldiers and sailors, sample copies, etc., by "publishers of weekly papers."

It now appears that this ruling does not refer to publishers of weeklies or semi-weeklies. THE NEWS recently wrote to the War Industries Board, explaining that we were sending out a large number of free copies of the paper to Bourbon county soldiers whose relatives had not subscribed for them, and asking that we be permitted to continue sending these papers to the soldiers and sailors.

In reply we received a letter from Mr. T. E. Donnelly, Chief of the Pulp and Paper Section of the War Industries Board, saying that for the present "you may continue sending your paper to the soldier boys." It is evident, however, that the rules will be extended soon to cover the weeklies and semi-weeklies, as Mr. Donnelly further stated: "Without doubt regulations will be issued shortly covering weekly papers at which time a copy will be sent you."

Until such time THE NEWS will continue to go to the boys in the camps and on the ships who do not feel that they are able to subscribe for it from their pay.

RED CROSS APPEALS FOR TRENCH FOOT SLIPPERS

To the Women of Bourbon County: In our quota for September 1, in Red Cross work, is a request for 500 trench foot slippers (250 pairs.)

These slippers should be made of velvet, velveteen, corduroy or heavy cloth. They are then lined with outing flannel.

It is impossible for us to buy the necessary material and we are asking the patriotic women of the county to send us any garments or pieces they have no use for, to be used in this way. An old pair of cloth trousers, or a coat, can be cut into several pairs, as the slippers can be pieced.

We published an appeal some days ago, but the response was so small we have less than 50 slippers made.

Are we to fail in this, as we have done in nothing else? We have been proud of our record up to this time. May it always remain untarnished.

If any friend desires to buy a remnant or piece of new material to send in, it requires two-thirds of a yard of 27 inch goods to make one pair.

Send all material to the Red Cross rooms, at the Court House, in Paris. If it is more convenient for ladies out in the country, materials may be sent to Mrs. Annabelle Wallace, or Mrs. D. C. Lisle, at Leesburg; Miss Florence Hopkins, at Little Rock; Mrs. Letcher Weathers, at Clintonville, and Mrs. Jno. Collins, at North Middletown.

REAL ESTATE DEALS.

Messrs. Plummer & McClure purchased this week of Mr. Lee Deavers, of Paris, the remaining tract of the old Deavers home place on the Jackstown pike, near Paris, containing about fifty acres, for about \$250 per acre. Mr. B. L. Parrish, of Austertitz, who recently purchased a Franklin county farm for \$220 an acre, resold it this week to Mr. J. D. Campbell, of Harrison county, at \$240 an acre. The farm contains 105 acres.

Harris & Speakes, of Paris, sold this week to Mr. S. H. Cleff, of Paris, a 260-acre farm located near Crittenden, in Grant county, known as the E. N. Webster place, at a price not given out for publication. Mr. Cleff will continue to reside in Paris.

Mr. and Mrs. Albert C. McDuffy purchased this week a frame cottage on Liffelton avenue, belonging to the estate of the late Rev. Geo. Varden, for \$800. The purchasers will move to the cottage.

Mrs. N. H. McNeese, of Harrison county, sold this week to Mr. Ira Parks, proprietor of the Ford Garage, in this city, her 251-acre farm on the Townsend and McNeese pike, in this county, for \$200 per acre. The farm adjoins the lands of Wm. H. Whaley, Carey Ward and the Griffith estate. It is now leased by Mr. Samuel Houston. Mr. Parks will be given possession on March 1.

LYMAN HOWE'S PICTURES COMING ON SEPT. 9.

One of the striking features of Lyman H. Howe's newest Travel Festival program, which comes to Paris Grand on Monday, Sept. 9, is a sensational wild animal hunt in the Rockies, in which a famous Montana cowboy demonstrated how he captures ferocious wild animals alive with a lasso.

"Capturing Wild Animals Alive in the Rockies" is but one feature among many of Mr. Howe's latest Travel Festival program. This year Mr. Howe takes audiences "up in the air with the Marines," presenting the most startling series of aviation pictures ever filmed; through quaint old Mexico; into the South American jungles by canoe to Kaitetu Falls, five times as high as Niagara; and a ramble through Southern France. There will also be a reproduction, expertly animated in clay, of the famous Red Cross poster, "Greatest Mother in the World," as well as a marvelous "freak" film which reveals grotesque and puzzling scenic distortions. This is said to be something entirely new.

The usual amusing Howe animated cartoons are again a distinctive part of the Travel Festival.

STRAUS INSTRUCTED AS TO RETAIL DELIVERY CURTAILMENT

Mr. Eugene J. Straus, of Louisville, Ky., State Representative of the Conservation Division of the War Industries Board, and State Chairman of the Commercial Economy Committee of the Kentucky Council of Defense, has just received instructions from the Conservation Division of the War Industries Board, part of which reads as follows:

"Every retail store is now being requested to adopt the plans already outlined without qualification. No exceptions are being made for any community or for the handling of any commodities. A number of places, both large and small, have been operating on the plan of one delivery a day over each route. They find it satisfactory and it will, therefore, be necessary for those who have not already made the adjustment to rearrange their service to help meet war conditions."

"The retail delivery service restrictions have been adopted by the merchants in the cities of Boston, Providence, New York, Philadelphia, Pittsburgh, Baltimore, Washington, New Orleans, Cleveland, Cincinnati, Louisville, Indianapolis, Denver, Portland, Seattle, Los Angeles, St. Louis, Des Moines, Detroit, Milwaukee, St. Paul, Minneapolis and many other large cities. In all of these the dry goods, department and clothing interests are co-operating and in several of them the grocery and food dealers are also making one delivery a day."

Mr. Straus is making a State-wide tour of the State of Kentucky in behalf of this campaign, and requests all merchants to adopt the recommendations of the Board, and will be in Paris, Ky., on Friday, Aug. 23, 1918, and will hold a meeting of the business men of the city at 8 o'clock at the Court House.

Mr. Straus is one of the many patriotic persons who is giving up his time without compensation as a means of doing his bit to help win the war. He is especially qualified for this work, having been raised in the department store work, being Secretary and Superintendent of Herman Straus & Sons Co., one of Louisville's largest department stores and having made a study of delivery and other economic services.

Each and every merchant, handling any line of goods is requested to attend this meeting, and adopt his business to the recommendations of the War Industries Board.

ODD FELLOWS ASKED TO RAISE \$50,000 FUND.

Grand Master Beckham Overstreet, of Kentucky, has set aside Sept. 1 to 15 for the purpose of raising among the Odd Fellows of the State \$50,000 for the endowment of the Widows and Orphans Home.

Do these four things and then you will fulfill your mission.

First—Help Uncle Sam win this war for freedom and the protection of women and children.

Second—Buy Liberty Bonds and Thrift Stamps, so that our country can have funds to fight and help our allies.

Third—Give until you feel it, to the Y. M. C. A. and Red Cross and the relief of starving women and children made so by this cruel war.

Fourth—Endow the Orphans and Widows Home at once, so that your own orphan boys and girls may be fitted to be better citizens and your widow and self may have a home to shelter you in your declining years, in this, the greatest country on earth.

Odd Fellows, do your part.

IT'S A MISTAKE MADE BY MANY PARIS RESIDENTS

Many people in a mistaken effort to get rid of kidney backache, rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Paris is no exception. The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Paris.

Charles Stewart, tinsmith, Liffelton avenue, Paris, says: "I have had three or four attacks of lumbago in the past few years, the first being the worst. There was a constant dull ache in my back and often sharp, cutting pains darted through it. It sometimes seemed as though I could hardly endure the misery. I could hardly find remedies to no avail until I got hold of Doan's Kidney Pills, procuring them from the Ardery Drug Co. The first box helped me and I continued taking them until cured. Attacks since then have always been slight, and Doan's Kidney Pills have never failed to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CIVIL SERVICE EXAMINATIONS.

Examination of applicants for the position of clerk with knowledge of stenography or typewriting under the auspices of the United States Civil Service Commission, will be held at the Federal Building in this city on September 27, October 25 and November 15.

The examinations will be conducted by Mr. Wm. E. Clarke, local Secretary, at the Federal Building. The Government's need of stenographers and typewriters grows more acute daily. Literally thousands of this class of workers will be needed in the Government offices at Washington during the next few months.

The Herts (England) War Agriculture Committee has started a library of fiction for girls working on the farms.

**FORMER PARISIAN ONE OF FUEL
CO. INCORPORATORS.**

The Kentucky Fuel Company, cap-
italized at \$99,000, has been organ-
ized at Jackson, Ky., for the purpose
of developing oil, mineral and coal
lands in the mountain section of the
State. One of the incorporators is
Mr. James Brophy, formerly of Paris,
a brother of Mr. John Brophy, of near
Paris.

This company is taking over some
of the most valuable oil properties
in Breathitt county, along the Lower
Twin, War Creek and Frozen Creek
structure that has recently tested out
as big producing territory. They also
have some valuable territory in Lee,
Estill and Wolfe counties.

**PAIGE AND BRISCOE AUTOMO-
BILES.**

Special features of the Paige Car,
self-grinding valve and transmission
lock, thief-proof.

Features of the Briscoe are the
small upkeep and economy in gaso-
line. Ask for demonstrations.

THE WEATHER.

The weather is always a matter for
serious consideration, and is always
a topic in all circles, high or low.
For the benefit of subscribers at a
distance who may wonder what is
going on in "the old home town,"
we wish to state that the hot, hotter
brand is still obtaining in this sec-
tion, with no immediate prospect of
a let-up. Occasional light rains have
not mitigated the heat situation, and
it has just been one Peter Vinegar
day after another. Crops are needing
rain. It's hot—but—winter is on the
way!

COLORED TEACHERS' INSTITUTE.

The Bourbon County Colored
Teachers' Institute, which convened
at the Court House last Monday, will
close to-day. The session has been
a very profitable and instructive one.
The Institute was organized and con-
ducted by Prof. H. C. Russell, of
Louisville, a noted colored educator.
The attendance has been good
throughout the sessions.

**MORGAN'S MEN TO MEET AT
OLYMPIAN SPRINGS**

The Morgan's Men Association will
hold their annual meeting August
27-29 at Olympian Springs. This or-
ganization was formed twenty years
ago with Gen. Basil Duke as the
head. This place he held until his
death, when he was succeeded by Dr.
John N. Lewis, of Georgetown. Dr.
Lewis died recently.

It is said to be doubtful if more
than fifty men will be present this
year. The election of a new presi-
dent will be the main feature of the
meeting. Stephen P. Sharp, of Cov-
ington, will be the next president.

Paris and Bourbon county veter-
ans will attend the meeting. Their
numbers are becoming fewer each
year through deaths, and soon the
roll-call will be completed for them,
and they will have been "mustered
out."

**MULES PURCHASED IN BOURBON
FOR OIL CO.**

The Quaker Oil Company, with
headquarters at Torrent, Ky., pur-
chased this week of Jos. B. Smith
and Elmer Myers, of Paris, four fine
mules. The purchase was made
through Mr. Wyatt Thompson, of
Paris. The animals were shipped to
the Company's representatives at
Torrent, where they will be used in
transfer and hauling between dif-
ferent points on the company's prop-
erties. The mules were exceptionally
good ones and were bought at a
good price.

CHILD; MATCH; BLAZE!

A lighted match, carelessly tossed
by a child into a pile of waste on
the floor of John Fudold's grocery,
at 145 West Eighth street, yester-
day morning, caused a blaze which
for a time threatened to assume seri-
ous proportions. An alarm from Box
24 called the department to the
scene. The blaze was extinguished by
the chemical with no property loss.

able. To entertain the Conference is
an honor that the city appreciates.
Many of the homes of citizens of all
denominations will be thrown open,
and every courtesy and attention
that hospitality suggests will be
shown the delegates.
Bishop Collins Denny, of Rich-
mond, Va., will preside over the ses-

**COUNTY JAIL AT MIDWAY DE-
STROYED BY FIRE**

Fire discovered at 9:30 o'clock
Sunday night destroyed the county
jail building at Midway, and for a
time threatened a large warehouse
owned by Cogar, Rumley & Com-
pany. The loss is estimated at \$2,-
000, with \$700 insurance.

Two negro tramps who were lock-
ed up in the jail at the time, were
attempting to make their escape by
burning a hole through the wooden
door of the structure. The blaze got
beyond their control and their cries
for help brought the fire department,
which extinguished the blaze with
chemicals. The tramps escaped and
have not yet been caught.

TO ADMINISTER ESTATE.

In the County Court Judge Geo. Batten appointed Jos. Walden, of Carlisle, as administrator of the estate of Mrs. Nancy J. Walden, who died recently at her home near Jacksonton, in this county. Mr. Walden accepted the trust and qualified by furnishing bond in the sum of \$500. The appraisers of the estate are J. A. McConaughay, Thos. Hamilton and W. B. Smith.

HAIL HURTING TOBACCO.

Those Bourbon county growers who have hail insurance on their tobacco are proving more fortunate than those in many other sections of the State. In Henderson county hail destroyed over five hundred acres of tobacco. For thirty minutes hail as large as partridge eggs fell, stripping many fields of tobacco from the stalks and damaging corn and peas.

A SOLEMN WARNING.

The number of unskilled automobile drivers who have come to grief of late should be a token and a sign to all others who know little or nothing about their cars. They should all learn to drive, and especially should they learn how to handle their machines in the proximity of railroad crossings. The toll taken of ignorance of late has been terrible. This warning should be heeded by many Paris automobilists. THE NEWS could name.

REGISTRATION OF YOUNG MEN TO BEGIN TO-MORROW

The Bourbon County Draft Board will be in session at their office in the court house, in this city, from 7:00 a. m. to 9:00 p. m. to-morrow for the purpose of registering young men of this city and county who have attained their legal age since June 5 last. It is understood that this law includes all who will become twenty-one years of age to-morrow, also. It must not be confused with the larger registration of men between the ages of eighteen and forty-five, which will be held on September 5.

It is a very important matter for the young men of the county to remember this registration, as no excuse except illness will be taken for failure to do so.

SAW THE "KAISER" FILM, CHANGED FIRM NAME.

Instances of the unconscious influence of the wonderful seven-reel patriotic photoplay, "The Kaiser, the Beast of Berlin," which comes to the Alamo and the Paris Grand on Tuesday afternoon and evening, Aug. 27, are constantly growing. Here is an instance where a manufacturer was so impressed with the picture that he stuck the knife deep into the German sounding name of his firm.

M. Wicker, senior member of the firm of Wicker & Company, proprietors of the Berlin Chemical Cleaning and Dyeing Company of Kansas City, was present in Convention Hall during the remarkable showing of "The Kaiser, the Beast of Berlin," in connection with the tremendously successful Liberty Loan drive. The next morning he went down to court and petitioned to have the name of his business changed to Mid-west Cleaners and Dyers.

"I had been thinking of changing the name for a long time," he said. "I came from Russia, as did my partner, and we thoroughly dislike the Germans. We don't want to have anything to remind us of the Beast of Berlin, and for that reason we are changing the name of our establishment at East Tenth street."

"Every American should see this picture which I saw last night. It would make every one more determined to crush the Hun."

BEFORE HE GOES

When we have won the war—when our boys sail home across seas forever freed from pirate submarines, when our boys, bronzed and sinewy, hardened veterans, go back to the brave homes so bravely defended. Happily they take up pursuits of peace—but never will they forget that they have been soldiers of democracy. And they will always be grateful for that which will keep fresh in their memories the story of this great war. This thing the pictures can do. Kodak pictures such as you can take will help to "turn the dark cloud inside out till the boys come home."

Why the Scotch Highlanders Wear Kilts

BECAUSE the Highland Scot, wading through the wet weather of the mountains, found kilts kept drier. Before the Roman soldier, himself a Kiltie, came, Lowland and Highland folk wore Kilts.

When modern life turned the Lowlands to trousers, the wet mountain heather held the Highlands to Kilts.

But his wet weather, had GOODRICH been founded, wouldn't have worried the Highlander.

GOODRICH SERVICE VALUE TIRES

Goodrich would have met his needs with Hipress boots and waterproof garments, just as Goodrich met the need of the automobile for the right rubber tire.

Twenty-two years Goodrich has shaped the destiny of automobile tires, bringing them from crude, clumsy affairs, to the graceful GOODRICH SERVICE VALUE TIRES.

And all Goodrich inventions were directed toward one end, SERVICE VALUE to the user.

For Goodrich recognizes but one tire value; what a tire is worth to the motorist on his car and on the road, in comfort, economy, and long mileage.

Goodrich manufacture puts SERVICE VALUE in Goodrich Tires, both SILVERTOWN CORDS, and BLACK SAFETY TREADS, and Goodrich Test Car Fleets prove it is there.

BRINGING UP SOLDIERS BY HAND.

(John Francis Farrell in the Courier-Journal.)

Can I raise my feeble voice in indignant and righteous protest against the growing evil of treating our soldiers as babies and sucklings? Can I register an emphatic demurrer to the tendency to appraise our fighting forces as minors, incompetents, weaklings and children, requiring guidance, guardianship and innumerable restraints designed to keep them pious, pure, patriotic and proficient?

The average soldier is human. His whims and wishes, his fancies and foibles measure up to those of the commonplace citizen. The country's need is the first, the vital, and the all-consuming consideration. He goes where directed, obeys all commands and fights and dies like a true American.

Everywhere our eyes are offended by pleading cries to protect and save the soldier from infamy and sin; to shield him from the pitfalls of perfidious purveyors of alcoholic poison; to bar him from the captivating charms of wily women, and to shut him off from the nefarious spell of dice, cards and casino! Verily, the soldier must personify the saint and the evangelist. He must be a devout, abstemious Puritan, separated from the lure of the world and the dire designs of the devil.

Where do you half-baked, half-bred citizens get the idea that a soldier must be bred on buttermilk and beans? Why do you pray and cry and beg for tobacco, candy, papers, caps, sweaters, etc., when billions are gallantly voted for powder and dynamite?

No real man and soldier wants your marshmallows and your mittens. All he expects is a square deal, creature comforts and an even break.

All this hot-air and hubbub about the scarlet madonna and the demon booze—the seductive poker chip and the peril to "morale" is shallow bunk pure and simple. A lot of fortunate fat-heads are flourishing on velvet carpets while a million "common folks" are doing the hard (and dirty) work in the trenches.

I recommend:

First—That any soldier, anytime, anywhere, get a drink if he wants it.

Second—That the Government supply sufficient tobacco for all needs, as well as gloves, sweaters, etc.

Third—That our soldiers be treated as men and not as boobs and bobolinks.

THE FOURTH LIBERTY LOAN

The campaign for the Fourth Liberty Loan will begin September 28 and close October 19. The result of the loan will be watched with keen interest in Europe, not only by our associates in the war against the Teutonic powers but by our enemies. It will be regarded by them as a measure of the American people's support of the war.

The Germans know full well the tremendous weight and significance of popular support of the war, of the people at home backing up the Army in the field. As the loan succeeds our enemies will sorrow; as it fails short they will rejoice. Every dollar subscribed will help and encourage the American soldiers and hurt and depress the enemies of America.

The loan will be a test of the loyalty and willingness of the people of the United States to make sacrifices compared with the willingness of our soldiers to do their part. There must be and will be no failure by the people to measure up to the courage and devotion of our men in Europe. Many of them have given up their lives; shall we at home withhold our money? Shall we spare our dollars while they spare not their very lives?

TO THE YOUNG MEN OF AMERICA

"How can I render the most valuable service to my country during the period of the war?" Every young man over eighteen is asking himself this question.

The War Department has just offered a new answer to the question. They say: "Enter college if you are fitted to do so, or return to college if you are already enrolled, and enlist in the Student Army Training Corps."

By enlisting in the Student Army Training Corps you will become a member of the United States Army. You will receive a uniform and be given military drill under different officers detailed by the War Department. During the early part of your course you will receive ten hours of military instruction a week, six of which you will be drilled rifle practice and other outdoor training and four of which will be academic work, for which military credit is given, such as mathematics, English, foreign languages, history, science, etc. You will be carefully rated both by the college authorities and by the military officers who will help you to discover a special line of military service for which you have the greatest capacity and preference. Later in your course you will have an opportunity to specialize in a branch of training designed to fit you to become an officer of field artillery, medical or engineer officer, an expert in some technical or scientific service, and so on.

During the summer you will have an opportunity to attend a summer camp for intensive military training. Your traveling expenses to and from camp will be paid and you will be on active duty under pay and subsistence by the War Department.

As a member of the Students' Army Training Corps you will be subject to call to active duty at any time in case of emergency. If you desire to enter active service before completing your college training, transfer to active duty may be arranged through military channels with the consent of the military officers at the college and of the college officials. It will be the policy of the Government, however, to allow you to remain in college until you complete your course.

Previously there have been two methods by which a young man might enter the National Service. He might either enlist voluntarily as a private in the army or a seaman in the navy, or he might remain in civilian life until called to active service at the age of twenty-one under the Selective Service Law. The Student Army Training Corps represents a third method of entering the service which has special advantages for young men fitted to go to college.

For further information concerning the Student Army Training Corps apply to any college which you desire to attend or to the Committee on Education and Special Training, War Department, Washington, D. C.

THREE LIBERTY LOAN CAMPAIGNS IN NEXT YEAR.

Three Liberty Loan campaigns, each for \$5,000,000,000 or more, are planned by the Treasury Department within the next year, according to information from Washington. As has been officially announced, the first campaign will open September 28 and the other two will probably follow in February and June. This programme will be necessary, it is explained, to provide the \$16,000,000,000 which officials estimate will be required in addition to the \$8,000,000,000 provided by the new Revenue Bill now being drafted.

Since taking them my digestion is fine."—Mrs. Blanche Bowles, Indiana, Pa.

Doctors Say: "Take Iron."

For building up weak, nervous, run-down people, doctors prescribe iron. It is the greatest blood purifier and strengthener known and, taken in proper quantities, it builds up the body like nothing else can. But many of the iron preparations before the public contain too little iron; many of them contain from 10 to 25 per cent. of alcohol, and alcohol counteracts the efficiency of the iron.

Acid Iron Mineral

is free from the presence of alcohol. It is obtained from the only medicinal iron mineral deposit of its kind known to the world; a pure, natural iron product, free from the drug of the chemist and the "dope" of the pill maker.

In addition to three forms of natural iron Acid Iron Mineral contains magnesium, potassium, sodium and calcium, medical properties which your doctor prescribes for indigestion, dyspepsia, constipation, and many ailments arising from a disordered stomach. As a general tonic it comes closest to the ideal, making rich, pure blood and toning up the system and weak organs to normal.

Be sure you get Acid Iron Mineral; ask for it by name. Look for the A-I-M trade mark, it is your guarantee of a pure, concentrated, efficient, economic iron product. At all reliable druggists or the Ferrodine Chemical Corp., Roanoke, Va., \$1 per bottle prepaid. (adv-f-tf)

SENATOR JAMES GETS BIG VOTE IN PRIMARY.

United States Senator Ollie M. James received over 10,000 more votes in the August primary than both the Republican candidates, notwithstanding the fact that W. Preston Kimball, the other candidate for the Democratic nomination, made no campaign and openly declared for Senator James, and the Republican candidates contested bitterly for the nomination.

In 115 of the 121 counties, Calloway, Carter, Casey, Floyd and Fulton still being out. Senator James received 49,825 votes. The combined votes of former Secretary of State Ben L. Bruner and Judge B. J. Bethurum, of Somerset, in the Republican primary were 39,311. Kimball received 3,669 votes, giving Senator James a majority of 46,256. Ben L. Bruner was nominated by the Republicans, receiving 21,256 votes to 18,045 for Bethurum, a majority of 3,211.

FASHION WHISPERS HINTS OF AUTUMN MODES

NEW YORK, Aug. 22.

When the trying hot days of July have passed and the sheer frocks of organdie and voile have served their purpose of keeping many cool during heat, and although they are still appreciated for their admirable effect, they are given second place in the thoughts of their owners and they gracefully abdicate their lofty position in favor of the new fall styles.

Panels a Favorite Feature

Never have women considered their clothes from the angle from which they now scan their wardrobe. As most are doing war work, many pre-war non-essentials such as conservation, practicability and cost are now dominant factors in the determination of the extent and quality of one's wearing apparel.

Another Conservation Measure

A wise person once said, "There is always a way," and Dame Fashion found it by combining materials of silk with wool to reduce the quantity of the latter, in a dress, to its minimum. And promptly to the rescue came the loose-flowing panels which are developed in woolen material, with the greater part of the dress, the waist, skirts and sleeves developed in some silk or satin fabric. And, indeed, those panels are quite the most graceful feature sanctioned by fashion. They tend to give long, slender lines to those who have not that tendency in their figures; in short they are an ideal camouflage. The dress illustrated is developed in navy blue serge with black satin; a combination of high esteem in the prevailing dictates of la mode.

Reappearance of Draped Skirts

History repeats itself, and I'm sure fashion does the same. For lo! the draped skirt is with us again. The smart women in Paris feel increasingly at home in this graceful adaption of the long, narrow, tapering silhouette. Lucile is showing an exceptionally good-looking afternoon dress in gray and red brown marquisette, with a collar and vest of white organdie, and the skirt is draped up tight on the left side. The peg-top is another phase of the draped skirt which is being shown extensively just now. This particular style seems to have a saucy individ-

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

A pleated panel of contrasting material at the front of the skirt trims the peg-top dress illustrated, which is developed in satin and Georgette.

An Indispensable Comfort

When women found themselves working in canteens and standing the most part of the day, they immediately came to the conclusion that high French heels were not the last word in comfort. So they wrapped up their pride completely in their wiser judgment, and betook upon themselves the low military heels. These were found so comfortable and desirable that their adoption was instantaneous and permanent. So popular have they proven that one sees them exclusively for street wear and even with afternoon dresses, with high heels making their appearance only at some particular occasion.

Simple Coiffures

Oh, the joy of a season of straight, smooth, hair dressing! The woman who is not endowed with curly locks appreciates it to the utmost. Gone are the woes of curl papers and hot irons. She may now arrange her hair without the slightest difficulty and always look well. Only those who cannot possibly wear their hair other than waved should cling to the costume. High coiffures are favored and the loose pompadour is appearing again. The uncovering of the ears is an excellent opportunity to display attractive earrings. The shops are showing some very odd and clever designs and stones unheard of before are making their appearance.

CATARRHAL DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

TO REMOVE A SPLINTER.

To remove a splinter from the hand, fill a wide-mouthed bottle nearly full of hot water, says the Popular Mechanics. Thrust the injured part over the mouth and press it slightly. The flesh will be drawn down and shortly the splinter will be exposed under the action of the steam. This method is far better than the common and dangerous practice of picking the flesh with a pin or knife point. The usual antiseptic solution should be applied.

THE BEST PLASTER.

A piece of flannel dampened with Chamberlain's Liniment and bound on over the seat of pain is often more effectual for a lame back than a plaster and does not cost anything like as much. (adv-aug)

A systematic canvass is now being made to secure the number and names of those who have gone into the service from the Sunday Schools of the State, and when this is accomplished, campaigns will be begun in each community for the purpose of securing two new members to take the place of each one of those who have gone. These new members are to be asked to pledge themselves to remain active in Sunday School work, at least until the soldier or nurse whose place they are taking comes back.

—A marriage license was issued Wednesday from the office of County Clerk Pearce Paton to Malcolm Matney and Miss Augusta Senter, both of this county.

—Marriage licenses were issued this week from the office of County Clerk Pearce Paton to Mr. Thomas Cox and Mrs. Delia Manchester, Mr. Daniel Vaughn and Miss Hallie Sweet all of this county, and Mr. B. O. Graves, of Scott county, and Miss Bessie Talbott, of Cynthiana. The latter were married here by Rev. W. E. Ellis.

TALBOTT—GRAVES.

—The home of Mr. and Mrs. E. C. Cleveland, on the Hume & Bedford pike, near Paris, was the scene Tuesday afternoon of a pretty wedding, when the ceremony was performed uniting in marriage Miss Bessie Talbott, of Cynthiana, and Mr. B. O. Graves, of near Georgetown.

The ceremony was performed by Rev. W. E. Ellis, pastor of the Paris Christian church, at the Cleveland home, in the presence of a few immediate relatives of the bride, and some intimate friends. The bride, who is a sister of Mrs. Cleveland, looked charming in a costume of blue cloth, with hat to match, and carried a corsage bouquet of roses. After the ceremony, Mr. and Mrs. Graves left for a honeymoon trip. On their return they will reside at the groom's home in Georgetown.

The bride is a handsome and very

attractive young woman. For several years she was teacher at the Ford's Mill School, near Paris, and later a member of the Public School faculty in Georgetown. She is a sister of Mr. Robert Talbott, for years a popular clerk in the Phoenix Hotel, in Lexington. The groom is engaged in farming near Georgetown.

Among the guests who witnessed the ceremony were Mrs. Sue Talbott and Misses Allie, Nettie and Sadie Talbott, mother and sisters of the bride, and Mr. and Mrs. R. J. Talbott and son, Robert Talbott, Jr., of near Lexington.

DEMOCRATS TO ORGANIZE FOR THE FALL CAMPAIGN.

With the primary over, steps will soon be taken to organize for the Democratic fall campaign and the election of the party nominees for United States Senator, Congressmen and Judges of the Court of Appeals. The Democratic State Committee will be called to meet in the near future to name the campaign committee and formulate plans for the party fight, but nothing will be done until Senator Ollie M. James expresses his wishes regarding the selection of a campaign chairman and committee, as the party leaders unite in saying that he should have the most to say in this matter. It is expected that when Senator James recovers sufficiently from his illness that has confined him in a Baltimore hospital for several months, he will either come to Kentucky and take part in the selection of the campaign organization, or indicate his wishes in that respect. There is no purpose to do anything in this respect until Senator James is heard from.

NATIONAL REUNION OF THE CONFEDERATE VETERANS

Members of John H. Morgan Camp United Confederate Veterans in this city have been advised that the twenty-eighth annual reunion of the United Confederate Veterans' Association, the Confederate Memorial Association and the Sons of the Confederacy will be held at Tulsa, Oklahoma, September 24-27.

Secretary McAdoo, Director-General of Railroads, has ordered that the railroads of the country shall make a rate of one cent a mile each way for the veterans and their families who will attend the convention. Ample hotel facilities are being arranged in Tulsa and social events are being planned for the entertainment of the expected guests. It is estimated that about 100,000 will attend the convention, which it is predicted, will be the greatest in the history of the organization.

RAILROAD DIRECTOR McADOO WANTS JOYRIDING STOPPED

Director General of Railroads McAdoo has issued an appeal to the public to refrain from traveling unnecessarily and thereby liberate essential transportation facilities for war purposes. The Director-General explained that he realized there were grounds for numerous complaints of overcrowded trains and unsatisfactory conditions on trains, but that these things were due to the great demand upon the railroad systems for troop movements and transportation of coal, food, raw materials and other supplies required for military operations.
